

Youth Ministry Grant

The purpose of this grant is to support youth ministry in the congregations within the Diocese of Northwestern Pennsylvania. Expectations for any single grant should not exceed \$2,000. This grant is intended to make funds available to assist in costs associated with: the start-up of new youth programs and ministries; defraying costs associated with youth mission trips; making substantial improvements or changes to an existing youth program or ministry; or additions or renovations to facilities in order to be youth friendly. Proposals for one-time assistance to fund new youth ministry staff positions will be considered only if a realistic plan for future sustainability is included with the application. This grant is not intended to fund existing operating budgets, debts incurred before this application, scholarships, tuitions, or proposals that can find adequate funding elsewhere.
